Dion Lee

San Jose, CA | 925-354-2097 | dion.lee@sjsu.edu | linkedin.com/in/dion-lee-4b4981434/

OBJECTIVE

I am seeking an internship for the first quarter of 2027 in my field of Computer Engineering, or an adjacent field such as Software Engineering or Computer Science.

EDUCATION

Computer Engineering, BS
San Jose State University | San Jose, CA | GPA: 3.993 Expected Dec. 2027

- Relevant Courses: Software Engineering Lifecycles, Electronics for Computer Systems, Algorithms and Data Structures, Digital Design

Computer Science, AS
Diablo Valley College | Pleasant Hill, CA | GPA: 4.0 Graduated May 2021

- Relevant Courses: Object-Oriented Programming, Video Game Design, Communications, Public Speaking

PROJECT EXPERIENCE

Web Application Developer Aug. 2026 - Present

- Developing an HTML web application utilizing Apple Pay, Google Pay, and Samsung Pay interfaces via GitHub repository and GitHub Projects in a team setting

Electrical Engineering Project Mar. 2026 - May 2026

- Built a functional stereo audio amplifier from simulation to working prototype
  - Simulated the circuit model in LTSpice
  - Created PCB schematic and component placement via KiCad
  - Soldered components to the audio amplifier PCB

Video Game Developer April 2021 - May 2021

- Solo-developed a short platforming video game in Unreal Engine
  - Composed music and an adaptive soundtrack for the game's 3 levels
  - Effectively utilized objective-based progression, movement mechanics, and checkpoint system to meet project requirements

Programming Languages: C/C++, HTML, Assembly, Verilog

WORK EXPERIENCE

Retail Associate/Store Lead
Daiso Great Mall | Milpitas, CA Mar. 2022 - Jan. 2026

- Led 4 coworkers as store lead and delegated roles to achieve sales targets
- Assisted customers daily by answering questions about products and policies to meet their needs
- Managed the nightly store closing procedure by counting cash drawers and reporting end-of-day sales

Laser Engraver and Administrative Assistant
J2 Jewelry Design, Inc. | San Francisco, CA Jun. 2019 - Aug. 2021

- Operated laser engraving software on rings, pendants, earrings, and non-standard pieces such as Mont Blanc pens and watches
- Organized bookkeeping records daily for timely year-end tax filing
